INFORMATION ON HOW TO EFFECT DRAWING CHANGES

1. Correction of Informalities--37 CFR 1.85

File new drawings with the changes incorporated therein. The new drawings must include the title of the invention, inventor's name, docket number if any, and the name and telephone number of a person to call if the ODI is unable to match the drawings to the proper application. Submit the new drawings in the back of each sheet of drawings in accordance with 37 CFR 1.85(c). Applicant may not submit new drawings until receipt of the Notice of Allowability (PTOL 37). Extensions of time may be obtained under the provisions of 37 CFR 1.136. The drawing should be filed as a top sheet, paper in the front of the application, and labeled Drawing Replaces Branch.

2. Timing of Corrections

Applicant is required to submit acceptable corrections to the drawings within one month of receipt of the Notice of Allowability (PTOL 37). If a correction is not submitted within this time, the drawings may be corrected by the ODI, but the applicant must arrange to have a copy of the corrected drawings submitted to the ODI within one month of the date of obtaining a grant of the patent, and paying the required fee. The applicant should file corrected drawings as soon as possible.

Failure to take corrective action within the time specified may result in ABANDONMENT of the Application.

3. Corrections other than Informalities Noted by the Drawing Office Branch on the Form PTO 918

All changes to the drawings other than those noted by the Drawing Office Branch MUST be approved by the examiner before the drawings are submitted. Changes may be made to the drawings, other than corrections of informalities, unless the examiner has approved the changes.
